Instructors

Your training class is only as good as your instructor.

Pinnacle ProDev, LLC has partnered with a seasoned IT veteran with over 35 years of experience as a Systems Architect, Software Engineer, Database Administrator, and IT Project Manager. He has extensive IT consulting experience for a wide variety of organizations: Fortune 500 corporations, SMB, hospitals, academic institutions, government agencies, and military entities. As a top-ranked instructor with decades of experience, he helps students and organizations resolve operational issues by helping them keep up with demand, work smarter, and recoup the maximum ROI on their IT infrastructure and training investments. His excels in transferring his real-world knowledge to his participants and in preparing participants to sit for the applicable certification exam.
